Freshmen Learning Community Weekly:

Now that spring sports are underway make sure you are letting your teachers know when you are going to be leaving class early. Do not let the early dismissals at the end of the year lower your grade. If you need help make arrangements to attend tutoring either before or after school. You may also want to make arrangements to meet with your teacher during their prep hour.

Greetings,

Did you know the U.S. is currently experiencing a shortage of skilled trade workers? That deficit is expected to grow exponentially over the next 5 years reaching critical levels. The demand for people that have experience in areas like construction are currently and will continue to be in high demand. As a growing construction company, we have certainly felt the impact of this shortage.

In order to meet the growing demands of our business and the lack of a sustainable workforce we have decided to start building our own workforce.

We are excited to announce our first inaugural **Morton Buildings Post-Frame Construction Camp!** The camp is scheduled to run from June 12, 2017 to July 28, 2017. It will be from Monday through Friday each week and will take place between the hours of 7 am and 4 pm. The program is open to graduating students over the age of 18 (as of June 12, 2017). In addition to hands on training in the basics of carpentry, additional topics to be covered are:

- Construction safety
- Proper tool usage
- Equipment certification
- Reading construction plans/blueprints
- First Aid/CPR Certification
- OSHA 10 Hr. Certification
- Post-Frame construction techniques
- And much, much more!

Those students selected for the program will be provided the necessary basic tools and **they will be PAID to be trained.** During the program there will be incentives available based upon the students' performance. Once completed, the student will be given employment consideration at our construction center located in Streator, IL or at any one of our 105 other construction centers located throughout the US.

If you know of any students that might be interested in this program please share a brochure and an application with them and encourage them to apply! We would appreciate you doing what you can to spread the word so we can make this program successful in its very first year!

Respectfully,

Chris Sondgeroth
