This week we had several FLC teachers attend an offsite Professional Development session at University High School in Normal to observe and collaborate with the teachers and administration. Teachers met with the U-High Freshman Academy to learn from different strategies that can be adapted to the student population at PTHS to make our freshman have an even more enjoyable high school experience. Freshman orientation was also this past week, and we would like to thank the parents and future student members of the FLC for attending and seeing all the wonderful opportunities that parents and students will have next year at PTHS.
