This week we FLC teachers implemented some strategies learned from the U-High visit such as working together in a more collaborative environment during scheduled meeting times. Teachers within the FLC continue to focus on not only reducing student failures within the FLC but also pushing communication out to families on the exciting things taking place in the Freshman Learning Community. We are currently in the process of gathering and compiling student performance data to better serve our Freshman now and in the future.

Counselor News:

At this time students should have met with their counselors to finalize their registration for next school year. If your child has not please have them see their guidance counselor as soon as possible.
