Welcome back from your Spring Break... Only a few short months until your Freshman year is over. Make sure that you are taking your last weeks of the school year seriously. Make sure you are communicating with teachers about missing assignments/projects, coordinating make-up assessments and re-takes. It is important that all of you finish the semester strong and pre-prepare well for finals. With one semester of finals under your belt have discussions with peers and FLC teachers to learn how to better prepare to make your end of the year an Excellent One! Good Luck and Go Indians!

### Counselor News:

At this time students should have met with their counselors to finalize their registration for next school year. If your child has not please have them see their guidance counselor as soon as possible.

## Tied to Classroom Learning

The best preparation for the SAT Suite of Assessments is classroom learning. Working hard and engaging in challenging course work helps students build the knowledge they need to be successful on the tests and, in turn, ready for college and career training programs.

Official SAT Practice on [khanacademy.org](http://khanacademy.org) links to classroom learning and will guide students to:

- ▶ Focus on the knowledge and skills necessary for college readiness and success.
- ▶ Review any knowledge gaps demonstrated in their SAT, PSAT/NMSQT, PSAT 10, or PSAT 8/9 performance.
- ▶ Practice within the most appropriate content areas.
- ▶ Build familiarity with the SAT format, question styles, and testing experience.
