#### Freshmen Learning Community Weekly:

The excitement of homecoming is over, classes are getting harder, and it isn't starting to get colder outside. What should you do? There are a number of activities that still meet throughout the week; you can still attend tutoring before or after school, and all the fall sports are still performing. Winter sports are going to start soon, if you are interested in playing a winter sport start paying attention to the announcements. Whatever you do in the next few weeks make sure that you are staying involved.

#### Counselor News:

The following will be here during the lunch hour on September 29<sup>th</sup> – Western Illinois University
