Freshmen Learning Community Weekly:

Start your semester off right by staying on top of due dates and asking for help when you need it! Were you constantly forgetting due dates or losing assignments last semester? Check your calendar on Skyward to see upcoming due dates and other events. The "Sticky Notes" app on your desktop is another great way to add reminders and keep track of homework, or if that doesn't work for you, get an assignment notebook that you can keep with you and add to throughout the day. Make it a habit to update your to-do list at the end of every single class period and to check it every day when you get home from school to stay on top of due dates. Don't forget that tutoring is available on Tuesdays, Wednesdays and Thursdays before school as well as Mondays, Tuesdays, and Wednesdays after school. This is a great chance to get some help getting organized and to check some things off your to-do list!

Counselor News:

SAT @ PTHS March 10, 2018

SAT @ PTHS June 2, 2018

*other national dates are available at other testing locations

College Visits during the lunch period:

- MacMurray College – February 27
- Western – March 13
- Lincoln College – March 20

Attention SENIORS: Troy Hall with Jostens will be here to deliver your 2018 Graduation Order on FRIDAY, MARCH 9TH DURING LUNCH. Please see your invoice for all payment options on or before the delivery date. Any senior that still needs to turn in their cap and gown order, you may do so at this time. Any student may place an order for a class ring that day as well. Contact Jostens if you have any questions. Thanks!

The College of Engineering at the University of Illinois at Urbana-Champaign (UIUC) is excited to announce several opportunities for high school students during the summer!

- Girls' Adventures in Mathematics, Engineering, and Science (GAMES) Camp is an annual week-long camp designed to give academically talented high school *girls* (rising 9th-12th graders) an opportunity to focus on one of the following engineering disciplines: aerospace, bioengineering, chemical, materials, electrical, mechanical, and computer science. For more information about GAMES Camp, please go to <http://go.illinois.edu/games>. Please feel free to download our [printable flyer](#), and paste in your classroom.
- mid-GLAM (Middle School Girls Learning about Materials) Camp is an annual week-long, **FREE**, day camp for middle school girls (rising 6th-8th graders) where students will have the opportunity to think like a "material's scientist". They will investigate how materials are put together, how they can be used, and how they can be changed and improved. Campers will have hands-on exposure to the materials that run our society, how to make them, understand their function, and how we can predict the ways they will evolve in the future.
- The Worldwide Youth in Science & Engineering (WYSE) program offers a week-long residential camp for students interested in learning about different engineering disciplines offered at UIUC. The Exploring Your Options Camp invites all rising 11th-12th graders, while Discover Engineering invites all rising 9th-10th graders. The WYSE program also offers three specialized tracks: Exploring Mechanical Science & Engineering for rising 11th-12th graders, Discover Bioengineering for rising 9th-10th graders, and Exploring Nuclear, Plasma, and Radiological Engineering (NPRE) for rising 11th-12th graders. For more information about WYSE Camps, please go to <http://go.illinois.edu/wysecamp>. Please feel free to download our [printable flyer](#), and paste in your classroom.
- Illinois Aerospace Institute (IAI) is a one-week residential program for students interested in learning about aerospace engineering and aviation. Among the activities, students will design and build a model boost glider and a model payload rocket. For more information about IAI Camp click [here](#).

Enrollment in the programs are limited to ensure the quality of the academic experience. All camps have a selective admissions process based on academic performance, a written essay and a teacher recommendation. Note that the mid-GLAM Camp **ONLY** requires an essay (no teacher recommendation letter or grades information). Placement in a camp is contingent on when the application is completed, so please have students apply soon to ensure placement in their desired camp. **The application deadline is April 15, 2018, or until camps are full.** With the help of generous corporate sponsors, we also offer scholarships to students who need financial assistance for the tuition payment.

Thank you for your support! Additional information can also be obtained by contacting our office at 217-244-3517 or srosado2@illinois.edu.

Sincerely,

Sahid L. Rosado Lausell
Assistant Director of Outreach
