If you don't feel comfortable talking in person, go to our PTHS website and find the "All People" tab. Scroll down to "Students" and click on the Because You Care form. Once you submit this form, our administration can begin working on a solution for you or your friend.

Essential SAT Skills

Statistics show that test preparation is the key to higher SAT scores. The materials in this program were developed by Cambridge Education Services and are used throughout the country with an extraordinary success rate. At the start of the course, you'll go through a test simulation to identify areas of improvement and focus. Class lessons include reading, writing, and math, as well as the history/social studies and science skills tested throughout the SAT. We'll also practice test-taking strategies and provide skill-building exercises to help you improve. Homework includes reinforcement modules and simulated test problems.
