### Essential SAT Skills

Statistics show that test preparation is the key to higher SAT scores. The materials in this program were developed by Cambridge Education Services and are used throughout the country with an extraordinary success rate. At the start of the course, you'll go through a test simulation to identify areas of improvement and focus. Class lessons include reading, writing, and math, as well as the history/social studies and science skills tested throughout the SAT. We'll also practice test-taking strategies and provide skill-building exercises to help you improve. Homework includes reinforcement modules and simulated test problems.

### Show Me the Money! Accessing Scholarships & Paying for College

College isn't getting any cheaper. If you are worried about how you will ever afford to send your children to college, this is the class for you. How much does it cost to attend a private or state school? What funding sources are available? Where do you look for money? How do you take "advantage" of unclaimed scholarships? Join us for answers to these questions. Students and parents are encouraged to attend this class together.

### Scholarship and Admissions Essay Strategy

Admissions and scholarship essay writing is every bit as important as your test scores. It is your chance to put your unique personality on display. Discover how to stand out from the stack of essays and how to avoid groan-producing mistakes. You will learn how to market yourself to get accepted to your preferred schools, increase your chances of earning scholarship dollars and meaningfully express yourself.
