Your family can discover new customs & cultures and forge a lifelong bond with a young person from another country. Families have an active role in choosing their new family member. Exchange students come with spending money, insurance, and school fees. Families are only required to provide room, board, and a family like atmosphere. Students come from over 15 countries with high English and academic skills. Mentoring and community service opportunities are readily available for the student as well as families! If you are willing to open your home and hearts or you have additional questions, please contact Jayme Corcoran, International Exchange Coordinator at:
